

**DELIGHTED WITH
THE COUNTRY.**

point between here and the brewery. It would be the most suitable place, he could imagine for the capital. (Laughter and cheers). He sincerely hoped that this would not be the last time that the Legislative Assembly would meet in Calgary. (Cheers). Governor Forget then rose, and on the principle that one good turn deserves another, said that while in his capacity as Lieutenant Governor

would praise the health of the Mayor, the President of the Board of Trade, and through them, the citizens of Calgary. When he received Calgary's invitation he was immensely pleased. He considered it a splendid occasion for gathering together the Legislature at Calgary. As Canadians, they could not have chosen a better day than the 24th of May. His Honor then paid a graceful tribute to the memory of the late Queen Victoria, the making of the heart of the City of Calgary, he referred to the boulevards, and also referred to the plentiful supply of gravel near at hand. "In Rejoice," he said, "We

Now sowing of mud. (laughter) and we could very well afford to change some of our mud for your mud. Now, Mr. Chairman, the day before he had seen a fat Chinaman. If the products of China were capable of producing a Chinaman, it is certainly a very superior locality. (Cheers and laughter).

The visitors then drank the toast: "The friends of the Jolly Good Fellows." The Mayor and Mr. Morris made happy reply on behalf of the committee and citizens. F. J. Nolan, president of the Jolly Good Fellows, made the company with one of his characteristic witty speeches. Speaking of the Mayor's reference to the fat Chinaman, he said: "Why that is nothing. They have extended me (laughter)."

[illegible]

ward during the evening the Legislature visitors seemed to have enjoyed the two days beyond all expectations. They formed an attachment to Caldwell, and also to the New and Elbow bridges, and from the former they were to leave on their homeward journey.

One member of the Assembly and the visiting members of the Senate dined on the dinner table at the Alamo. The latter were all well packed "with the compliments of Texas," and carried a copy of "Pictographs of Texas," which they were to take and carry away with them to their homes. There was a lively immersion of attractions and advantage of the city.

A BOOK FOR MOTHERS

Containing Much Information as to the Care of Children, and the Treatment of Diseases Commonly Afflicting Little Ones.

— Given Free.

"Baby's Battles: A Message for Mothers" is a very handsome and useful little pamphlet just issued by Dr. Williams' Medicine Company and is a most valuable treatise for infants and small children and will

The mother how to take her little ones
to the doctor's office every day like
brother goes to his class. The money
that children and tells how to treat
them. This little book is one that
could be in every home where there
are infants or small children. All

father.

THURSDAY'S LOCALS.

Howard Douglas arrived from Banff this morning.

Mr. Macaulay, M. L. A., passed through the city this morning on his way to Edmonton.

Mr. Macdonald, manager of the Bow Cattle Company, arrived from Banff this morning.

Mr. Helm, of the Molson's Bank, left this morning for Winnipeg on business.

During the past few days orders for over \$170,000 worth of thoroughbred cattle, sheep and swine have been sent from the North West to Superintendent Croftman of the Ottawa Farmers' Institute.

We regret to state that it has been found necessary to remove Jas. H. Rodgers, of Silver Creek, to Brandon on account of mental affliction. We trust that under the treatment of that institution he will be permanently cured.

The following immigrants arrived in the city this morning: Daniel Brown, from Kansas; Chas. Carter, from South Dakota; W. C. Miller, with wife and three sons and daughter, from Nebraska; W. C. Miller, from South Dakota.

Yesterday in the police court, before Magistrate James Vic House was charged with having conspired to the own use of the Bow Cattle Company, which has been at the Calgary race.

It seems that a misapprehension existed with regard to the establishment of a branch of the Merchants Bank here. It is located on 60th street, and it is not the intention of the bank to open a branch in Calgary.

Rev. F. W. Patterson, addressed a large audience last evening in the Baptist church, on the subject of "The Christian's Duty to the World."

The large laundry now being offered to the Western Stock Growers' association for sale, has been sold in a very large number being killed, since the 1st of April, 1903.

Friday, the 17th of May:

INCORPORATED 1970

CITY COUNCIL.

The City Engineer Registers a Nick.

Important discussion regarding the salaries of the waterworks engineer and the city engineer, the city's engineering system, the waterworks salary and the accounting system, took place at the city council meeting on Thursday night. But, as space is short, only a brief summary of the discussions may be given.

The city scavenger wrote a letter to the council complaining that his work is made harder by citizens throwing refuse on their gardens during winter and that he has to rake up and remove in spring. The scavenger asked for an increase in his salary so that he might have another cart. It came out in discussion that the 1893 contract providing for systematic cleaning of the city had not been renewed, an evidence of slackness in the police and relief committee's affairs which was commented on by the mayor. Alderman Young complained the need of a new contract and on his motion, seconded by Alderman Mackenzie, an additional \$10 a month for June and July, was voted to the scavenger.

The finance committee recommended an increase of the city engineer's salary to \$1,000 a year, advising that he should be called upon to superintend laying of trunks and street works and allocation generally, and that he should be held responsible for the recording in plans of the grading and leveling of main.

Alderman Young pointed out that the waterworks engineer had applied for an increase from \$10 to \$110 a month. He asks the council to allow him to give up his present free house and take a more satisfactory one, and give him the increase so he may rent a house of his own choosing.

The mayor thought if the city engineer's salary was increased so should be the waterworks engineer's. He said the finance committee was recommending an increase in salary for the city engineer. He didn't want the council to be thought extravagant. It was the duty of the finance committee to hold down the expenditure. Recurring to the question of the waterworks engineer's salary the mayor said if that official didn't receive the increase he, the engineer, would resign. He the mayor asked the council to appoint another chairman of the waterworks committee. If the engineer resigned the chairman of the committee would have to shoulder the responsibility of directing waterworks affairs. The mayor didn't feel inclined to face the situation.

Alderman Eckersley advised the council to advertise for a competent man to control the whole engineering system of the city. Both the city engineers could apply for the position, giving their full credentials.

The outcome of the discussion was an agreement that the council shall meet Thursday to go over the matter fully.

Alderman Young's motion, that Doctors Mackie and McDonald should board trains from the north on Victoria Day, and examine visitors for smallpox infections, was passed.

Alderman Young said he had been informed by Dr. Harrison, Dominion health officer, that there were about a thousand small pox cases in the Edmonton district and Northern Alberta.

Senator Loughbre's fear of entry on the eastern limit of his fence was referred to the public works committee.

Senator Loughbre wants to drain and terrace the gulch and add it to his lawn.

The Calgary Milling Co.'s application to run a cable from their elevator to the warehouse, the cable to carry logs about it, was referred to the same committee.

The building inspector's report on the placing of a crane, contrary to bylaw, on the pavement opposite the new Clarence block and a report that K. M. Yarn had illegally erected a wooden shed at the back of his restaurant were filed. They gave the proper authority to take proceedings.

The Waterworks Engine Co. had written a letter offering to sell a new steam engine, Edmonton and Calgary having opened negotiations for the purchase of similar machines. The letter stated that the rate of interest on a purchase by the installation plan would be seven per cent.

Petitions for boulevarding and grading streets were referred to the public works committee.

A recommendation was read from the public works committee to put up certain old sidewalks and lay new ones at once was adopted.

OF INTEREST TO STOCKMEN

Mr. J. C. Hargrave, D. V. R., of Medicine Hat, and Mr. Chas. V. R. of Winnipeg, have been appointed by the Dominion government to test cattle for breeding purposes and dairy cows for export to the United States. No other person's certificates will be accepted at United States ports.

The minister of agriculture, Ottawa, has decided to issue to stock owners in the Territories black leg vaccine at cost price. Commissioner Perry of the North West Mounted police, and Mr. J. C. Hargrave, of Medicine Hat, will have a supply of this vaccine for distribution. Upon veterinary inspectors reporting a disease to be black leg applicants will be supplied with the number of doses required to vaccinate the young stock. There will be two forms of vaccine cure which owners of young stock can use themselves:—first is called the black leg lymph, requiring a vaccination outfit and will require to be administered by a veterinary surgeon.

Dr. J. C. Hargrave has also been appointed a travelling inspector for Alberta, Assiniboia and Saskatchewan, and when unable to visit certain districts to vaccinate will arrange for the N. W. M. P. veterinary surgeon to do so.

It is expected the cost price of the vaccine will be about 10 cents a dose. North West Mounted police detachments will have forms for applicants for vaccine shortly.

Sports and Athletics.

I said that before last Wednesday's meeting Dr. O'Sullivan's offered something would be Done. And it was so.

The Calgary Rugby Football club is an accomplished fact, with real live officers and membership tickets—not the backs of old envelopes written on with black lead, but printed tickets. Also, there is a ball.

There will be practice games every Monday, Wednesday and Friday. After a few weeks it is confidently expected that once the flabbiest will be able to sprit. Fifty yards without tiring down for two or three rests and deadly drops for goal will be as common as free drinks on election night.

The meeting last Wednesday was a success with a capital R. Colonel Hercher was elected honorary president, and Major Sanders was elected honorary vice president; Dr. O'Sullivan, president; N. D. Jackson, vice president; J. A. Kyle, secretary treasurer. The election of an executive committee was left for a future meeting.

At M. D. Jackson's suggestion the entrance and subscription fee was fixed at a dollar a year. James Stewart, J. A. Kyle, G. B. McNeil, K. D. Johnson and Norman MacLeod, were constituted a committee to sell tickets by gentle persuasion if possible, by the "bulldog" system if necessary.

Dr. O'Sullivan said at the close of the pow-wow that in Calgary he had never seen such a strong meeting to consider the formation of an athletic club. Which is good business. The Calgary Rugby Football club has arrived to stay.

Colonel Hercher, during a discussion on the number of clubs with which matches could be arranged, offered \$10 towards a Challenge Cup to be played for by the clubs in the West.

Millerville, Pine Lake, Regina, Macleod, and all rugby players from China to Peru are hereby challenged to play. Which is good business. The Calgary Rugby Football club has arrived to stay.

Dr. O'Sullivan said at the close of the pow-wow that in Calgary he had never seen such a strong meeting to consider the formation of an athletic club. Which is good business. The Calgary Rugby Football club has arrived to stay.

Beautiful Sailors are now showing in our millinery rooms, also trimmed hats.

Robinson & Co.

against Houde in his ledger that amount was not included in Houde's bill. There had never been any question of the horse's ownership until it had been taken from the car. Houde handed him a bill for \$130.60 from Mathews for training and feed. This was on Tuesday the 18th, the day before the spring races. Mr. Jackson offered to pay the bill, but Mathews refused to take the money, saying he had come to an arrangement with Houde.

"I bought the horse," said Mr. Jackson answering a question from Mr. Nolan, and Houde kept him and worked him. We were to divide the profits, if there were any. "But there were no profits."

It came out that Mr. Jackson had given a marked cheque to indemnify the city from any claim for holding the horse. "What is the amount of the bill now?" asked Mr. Nolan. "\$130.60" on May 14 and \$13.75 now," commented the prosecuting lawyer.

Frank Patterson, night clerk at the Royal, said that on Saturday, May 15, about half past nine at night, he heard Houde tell Jackson he would give him \$200 for a clear deed of Chick McGregor. Houde wanted to be sure he got the money before he was arrested. He seemed excited. The deal was to be closed if Houde could bring the money before he did not do that, so far as the witness knew. He did not see Mr. Jackson offer the money.

The hearing was adjourned until 2:30 on Thursday.

A REBEL PARDONED
Calgary, May 23.—Archie Pugh, the famous Knapton, Tex., who was banished to Caylon in 1862, has been pardoned.

Mr. Jackson said that, although there was an item of \$200 entered

about Chick McGregor.

This morning at the police station before Magistrate Smith, the hearing was continued of the case in which Vic Houde is charged by N. D. Jackson with having stolen Chick McGregor, the trotting horse which was burned at the spring race. P. J. Nolan proceeded for Jackson, and Mr. Muir defended Houde.

Mr. Jackson said that, although there was an item of \$200 entered

Copas & Emerson.

Tempting Delicacies.

All those tempting delicacies which make the table look so appetizing can be obtained from us.

High class Groceries and Provisions, Lawry's Sugar Cured Hams, Bacon and Lard!

Teas and Coffees. Many have a good stock, but it is our aim to have the BEST.

Copas & Emerson, THE TEAMEN.

An Eye that can see Perfectly

focuses rays of light to a point. An eye which sees imperfectly focuses light in circles, lines, and other ways.

To exactly find the lens which restores the focus to a point, in an imperfect eye, it is necessary to examine the eye directly by means of the "Stalcope." By this means I have daily succeeded in satisfactorily fitting cases which have never been correctly fitted before. I do not test eyes free, but I promise satisfaction.

OWEN H. BOTT, OPTICIAN AND ENGLISH CHEMIST, Calgary.

GOOD RACING.

The Brandon Race Meet is a Record Breaker.

Brandon, Man., May 17—"They can't be slow at the Brandon race." This saying, which has become a byword among horsemen throughout the province, was again exemplified in the first race of the second day's meeting, Coloma, owned by Bob Begley, of Calgary, won the second heat in the 2:26 class in 2:24, and the fourth in 2:25, both races putting their maker in the 2:25 class. Saturday was a perfect day for horse races.

Six horses faced the starter for the first race of the day, the 2:30 class. Congrove, a roan gelding, which looked for all the world like a blue streak, went out and won the heat, leading from start to finish. Time 2:24.

Coloma, a Calgary flyer, captured the second heat after one of the prettiest races of the meet. The time was 2:24.

The third heat was won, also, by several horses broke in this heat and Kewitide galloped under the wire a length ahead of Barney M. The judges, however, awarded the heat to Barney, stating that he was because he had gone the mile without a stop. The time was 2:24.

Coloma captured the fourth heat, after a hard fight in the first time of 2:24.

The fifth heat had the trick. Coloma took the lead at the start and walked away from the rest. He was the first half. Then Congrove started after him and began to cut down the lead. At the stretch, however, he and neck, and the crowd held its breath. Coloma won by half a length in a wild race. Time 2:24.

This gave Coloma first money. Congrove second, and Barney M. third. The 2:30 class. Although this race was the feature of the afternoon it was very little to say about it. It was a foregone conclusion that Fleet, the swift little Portage, would win the race, and she did it in three straight heats, simply playing with the field. Maggie set second and Burnout third money.

Five horses entered around to the three quarter pole start in the three quarter mile running race. Pover's Spanish Princess did not start.

The start was all Fancillic beat, three lengths behind the field in getting away. A market could have covered the other four horses for the half mile. Then Lough Derg and Springsteele jumped to the front. Springsteele leading. They outdistanced the stretch neck and neck. Both jockeys were leading their horses for all they were worth. The race was the frantic efforts of Woodman, Springsteele's jockey, Lough Derg ferreted about not to get by half a length. Time 1:34.

The judges find Woodman, 80 for striking Lough Derg's jockey in the stretch. The runner finished Lough Derg first, Springsteele second, Tom Derg, Sweeper fourth and Fancillic fifth.

In the 2:30 class Jerry Chimes, a black gelding, captured the first heat after a close finish. Pover's Lady was second. Time 2:24.

Darkey returned the order of things in the next heat, beating Jerry Chimes in the stretch. Time 2:24.

The third heat was knuckled down to Prince Stinger, after another sensational finish. Time 2:27.

Darkey landed the fourth heat Time 2:24.

Then came an accident. Darkey took the lead and was going well, although his gait looked rather peculiar. He had landed the quarter, when both he and his jockey were in the stretch. This ended Darkey's chances. He was dismounted. Prince Sharper was wing the boat. Time 2:24.

Prince Sharper won the sixth heat and the race. Time 2:24.

The last event was the pony race. Jerry Chimes got second and Jeff W. third money.

The last event was the pony race. Jerry Chimes got second and Jeff W. third money.

The last event was the pony race. Jerry Chimes got second and Jeff W. third money.

The last event was the pony race. Jerry Chimes got second and Jeff W. third money.

The last event was the pony race. Jerry Chimes got second and Jeff W. third money.

The three minute class resulted as follows: General French first, Walter Wilson second, Maudie K. third. Five-eighths of a mile running race. Springsteele first, Click second.

The Calgary horse Ryals carried off the honors in the open one-half mile heat, winning two in succession.

There was much difficulty in getting the horses away. The first heat the starters sent them all back to the bars.

Over half mile. Sylvia first, Kate Fisher second, Spanish Princess third, and Victoria fourth.

The 2:22 race resulted as follows: Hard Case first, Gern second, Copper third, Molly May fourth and College Lad fifth.

TAKING THE REINS.

Missup, 2:17, by mare, by William Bell, in the first new 2:20 pacer for 1900. Matt Billings has gone to Canada to ride Wellshad, 2:14, in his early career.

Georgiana, 2:19, was named after the late Anna Noble, parents of Fred Noble, her trainer.

On 9, 2:07, repeated a mile in 2:13 easily at Chester Oaks, the last quarter in 20 seconds.

Kewit, 2:18, will be seen on the Brooklyns speedway. She showed a trial mile in 2:14 last season.

Rike, 2:15, stopped the third heat in 38 seconds at the Post Branch track the other day.

For a mile dash, horse to be driven in ordinary mile races.

For Wilkes, by Anderson Wilkes, showed three heats recently at Post Branch. The time 2:20, 2:24, 2:22.

Ways Nuckles stopped Tom Natan, showing a mile in 2:20, and the next day the gelding sold for \$1,500.

Fig. 2:10, by Deewood, won the first heat in 2:10, and the next day the gelding sold for \$1,500.

It was 2:18, prior to his Baltimore race. He was named after his trainer.

Romance, by Begley, who won a mile in 2:19, at Kewit, is the first 2:20 trotter of the year. His best previous record was 2:22.

At Devereaux M. & Robert Smith of Philadelphia, who is a health building horse, King Holiday, 2:19, a half in 1:00, second quarter in 30 seconds.

General Weaver, a son of Joe Belle, a 3-year-old stepped the Cumberland track, Nashville, in 1:18 and a third of a mile in 2:14 this year.

The horse is totally blind—Horseman.

BEE BUZZES.

A queen will live three or four years. The average life of a worker bee is 45 days.

The best time to feed bees is just at night.

Woolen triangles are best in which to keep the combs.

All portions of comb should be saved and used in wax.

A worker bee is killed in 21 days after the egg is deposited.

There is no economy in wasting time with black bees and lost hives.

There is no advantage in holding honey on the market so fast as it is obtained.

For extracting the space is three or four times as much as in good advance.

CALGARY NO LONGER ENJOYS IMMUNITY.

Smallpox has at length made its appearance in Calgary, despite the elaborate precautions which have been taken.

MEN OF MARK.

The will of Jellie Adams of Boston gives \$25,000 to Calgary hospital of that city.

William A. King, the survivor in congress to Roberts of Utah, is a Mormon, but not a polygamist. He is 87 years old and has been in politics for 15 years.

The will of Captain Thomas Wilson of Cleveland provides for the establishment of a fund for aged women in which preference shall be given to sailors and their wives.

Senator Robert B. Smith of Montana has made a fortune in mining. He is popular in the mining districts, the news regarding him almost as one of those active and popular men who have been making a name for themselves in the West.

Senator Beveridge said the other day, "I have as yet met no man who has been making a name for himself in the West."

When Senator Hear of Massachusetts was recently asked what he had been reading of late, he replied, "For serious work, 'David Harrow' for light reading and amusement I've been going through 'Gibson again'."

Lord Roberts is fond of music. The members of his staff on various occasions have set up instruments to play him, and in one campaign the general was so much impressed with the music, he ordered the band to be sent to him.

Richard Roeder, who died at the age of 50 in Paris the other day, was for many years a resident of the city of the Orinosa family and the center of the most brilliant circles during the last 40 years.

Dr. E. T. Allen, one of the Illinois household doctors, declared that irregular eyesight has been found to be the result of the condition of the brain affects the condition of the eyes.

D. H. Chamberlain, who was governor of New Hampshire, has been elected to the "Dixie" regime, has collected for 20 years of work in the state.
